

Consulting, Investigations and International (CI&I):

Fast Facts

Threats against businesses and the potential for loss and liability are greater than ever in today's complex global business environment. Information, knowledge, and expert resources are key to mitigating risk in all facets of the enterprise.

AI's Consulting, Investigations and International (CI&I) division brings together industry-renowned security and risk management professionals who specialize in identification and mitigation of today's most pressing threats. These are the industry's foremost authorities, with diverse knowledge and experience, forming a network to support clients in implementing a multi-disciplinary approach to security and risk management.

Each case is managed by a team of experts selected based on the situation and the client's needs. The team's specialized expertise and comprehensive capabilities are complemented by the utilization of state-of-the-art systems and the application of industry best practices.

We provide a broad range of solutions to support our clients' security and risk management needs:
