

# CONSULTING AND INVESTIGATIONS

## *Solutions for a Safer World™*

*In today's competitive global enterprise, information and knowledge are the drivers to mitigating risk in all facets of the business.*

In today's complex global business environment, liability, business crime and indiscretions are at an all-time high. Fraud, theft, embezzlement, computer crimes and complicated contractual disputes must be investigated and dealt with quickly and discreetly to reduce loss. Identifying and mitigating risk is the specialty of Andrews International's Consulting and Investigations practice.

The Consulting and Investigations practice is comprised of industry-renowned and experienced professionals, with expertise and global reach to provide comprehensive analysis, data reporting and resolution. Each case is managed by a team of the most experienced individuals appropriate to the situation and the client's needs. The team's specialized capabilities are augmented by state-of-the-art processes and systems, for a program offering that differentiates Andrews International's services.

Whether supporting the most sensitive litigation matter or in-house corporate investigation, our services provide a broad range of information and knowledge from which to make key business decisions.

The following services are offered to help our customers identify and mitigate risk.

- Due diligence investigations
- Corporate fraud and abuse investigations
- Personal protection and threat assessments
- Security risk/threat, vulnerability and mitigation assessments
