

FOCUS ON GOVERNMENT AND DEFENSE

All organizations need to take steps to protect their people and property from security threats and breaches. For government agencies and other such highly visible public organizations, that risk is exponentially higher. Therefore, protecting these sites requires an even greater level of cooperation, coordination, communication, and standardization of security measures than traditional security providers are able to deliver.

Vance Security USA offers uniformed protection services to a diverse clientele, including government agencies, military installations, Fortune 500 companies, high tech companies, heavy manufacturing sites, educational institutions, and Class-A offices.

Vance Security USA's uniformed officers will help you ensure better safety and security of your people and assets, ultimately protecting the integrity of your organization's reputation and operations.

Key services provided by the firm include:

- Uniformed armed and unarmed guards
- DoD-cleared personnel, including TS/SCI clearances
- Special response teams
- Safety programs
- Fire protection services
- Environment services
- Identification processing
- Traffic control

Vance Security USA, a subsidiary of Andrews International, is a U.S.-owned company that has been offering security services with a seasoned management team as well as an elite cadre of security officers since 1984.

The company's management structure incorporates strict requirements for regular communication, evaluation, supervision, and administration that are an

integral part of the total quality control and compliance process. Senior managers possess extensive experience managing large security operations across the U.S. Clear delineation of roles and effective delegation of management activities ensures that the entire Vance Security USA team is attentive to the needs of each client. Vance Security USA also excels in account transition and has extensive experience starting protective service operations in all types of environments, under a wide variety of conditions and lead times.

Vance Security USA uses a meticulous selection process that includes extensive background investigations, reference checks, skills assessments, and credit checks. The company employs personnel who are cleared to the secret and top secret levels and can provide effective management of the security clearance process, including TS/SCI clearances, to ensure positions requiring clearance are filled with qualified individuals.

The company's rigorous, instructor-based training far surpasses standard training requirements and ensures that its uniformed officers have practical and clear courses of action to be followed in cases of terrorism, workplace violence, fire, bomb threats, or other incidents. Vance Security USA officers are also *certified* to provide first responder assistance such as cardiopulmonary resuscitation (CPR) and use of automatic external defibrillators (AEDs).

Industry organizations the company is active in include:

- American Society of Industrial Security (ASIS)
- Association of Threat Assessment Professionals (ATAP)
- International Association of Bomb Technicians and Investigators (IABTI)
- Overseas Security Advisory Council (OSAC)
- International Association of Chiefs of Police (IACP)
